

What do you get when you purchase your \$49.95 Air Duct Cleaning?
Let's just say we call them "Bait & Switch" in our industry.

What would the bill look like? Well, for a 1600ft² with 11 supply vents and 1 return vent their air duct cleaning price starts at \$49.95 but ends up being \$2055.75! At Mite-E-Ducts we give you pricing up front! Trust us when we say, our price will be approximately a 1/4 of that and, unlike those companies, we will actually DO the work!

This is an actual picture taken after a \$49.95 duct cleaning company supposedly cleaned the ductwork. This is also Mite-E-Ducts "Before" picture. **If you can see your handprint, chances are, the ducts weren't cleaned properly.**
